

Hi!

Here is an amazing program!

A socio-cultural walking tour

in the 8th district (a poor and at the same time marvelous area of Budapest)

They say they work with enjoyable, interactive methods.

If we go together (min. 5 persons) we get a private tour date!

Why not? It's fun!

Call me, write me, if you come!

Take along your friends as well if you wish!

Ps.: Even **The New York Times** recommended them, I think it's worth to see!
